

## Active SOS

Crisis Response Simplified

## Supporting

**Family Safety:**  
Travelers  
Medical Emergencies

**Crisis Response:**  
Civil Unrest  
Weather Events

## Why Active SOS + Lifestyle = Complete Peace of Mind

### For Travelers and Adventurers

Travel smart and stay safe.  
One quick tap shares your live location with unlimited contacts.

### For Medical Patients & Care Teams

Communicate instantly with doctors, caregivers, and family during medical emergencies. Daily check-ins keep your family and care team informed.

### For Families Who Value Privacy

Tired of your apps selling your data on you and your family? Active SOS never shares your data or location data. Supports HIPAA Compliance.

## One Tap = Instant Alerts

Send customizable emergency alerts with pinpoint GPS accuracy (within 5 feet) to unlimited contacts instantly and recipient does not need to have the app unlike other family tracking apps to receive the message or respond to it.

## Works Anywhere, Anytime

Tested globally for speed and reliability. Perfect for travel, daily life, and medical emergencies.

## Use Anytime

Let your care team or family know you're okay with simple daily confirmations. It's not just for emergencies and will quickly replace your family tracking app because of its customization and accuracy.

## 10 Users Per Subscription

One subscription protects your entire family or care team.

## Exclusive KonnectMD Member Benefits

 **Special Pricing: \$129/year**  
(for up to 10 users)

**30% off retail**  
**\$180/year in app stores**

 **App setup customized for KonnectMD**

 **Purchase through KonnectMD portal**

 **After purchase you will receive instructions on how to download the KonnectMD version of the app and confirm the discounted price.**

## How it Works

1. **Download & Set Up** – Add your contacts and customize your alert message.
2. **Press the Button** – one tap sends your exact GPS location and custom message to everyone you've chosen and only to the groups you predefine.
3. **Your Contacts Respond** – They receive an SMS with your location and can use built in prompts to respond with a call or text to reach you immediately. No app required on their end.

## KonnectMD + Active SOS = Complete Care & Safety

Communication you can access anywhere.  
Safety you can count on everywhere.
