

About KonnectMD

**Helping to Increase Retention,
Production & Lowering the Need for
Sick Days!**

KonnectMD approaches healthcare with your goals in mind. Because 80% of Doctor & ER visits are treated with a prescription, our "Virtual First" approach provides the basic needs of care at an affordable price. Perfect for hourly, part-time, and 1099 contractors. More importantly, there are no visit fees, which allows access to care without cost barriers and can be combined with other health plans.

For an average of \$1 per day, per employee, you can provide 24/7 Virtual Access to a Provider with \$0 VISIT FEES & ZERO COST PRESCRIPTIONS without needing a traditional health plan. Easily add/remove users!
