

Employee Benefits **PLUS** Business Benefits

Case Study

Research shows that organizations lacking proper healthcare solutions face higher turnover, absenteeism, and employee costs, leading to increased stress and anxiety. Providing healthcare options enhances employee satisfaction, retention, engagement, and promotes a positive workplace culture.

How We Work

We offer group-discounted Virtual Healthcare solutions, beginning at just \$24.99 per employee each month.

Our "Virtual First" strategy ensures UNLIMITED access to thousands of licensed providers across the U.S., available at any time without ANY ADDITIONAL COSTS. This leads to faster health outcomes for employees and their families, alleviates stress and reduces the number of days off required for doctor appointments.

Solutions We Offer with Zero Fees

24/7- Telehealth Access

Unlimited nationwide access to providers for quick diagnoses and prescriptions for common illnesses and injuries.

24/7- Counseling Access

Private access to licensed talk therapists for stress, anxiety, depression, sudden loss, and other short-term counseling needs.

Wellness Programs / EAP

Customized short-term support and resources for student life, work life, home life, managing money and legal advice.

Discounts on Dental, Vision, etc.

Savings of 10% to 60% on dental, vision, laboratory, and chiropractic services through our nationwide network.

Virtual Primary Care

Schedule next-day appointments for general healthcare services, including routine check-ups and preventive care.

Virtual Dermatology

Three no-cost annual consultations to tackle skin issues, including acne, rashes, eczema, or concerning moles.

24/7- Virtual Veterinarian Access

Consult licensed professionals about pets' health concerns, behavioral issues, or wellness needs to ensure their well-being.

Prescription Access

Pick up prescribed meds from the pharmacy, or opt for home delivery for free or discounted, depending on plan.

Affordable Business Solutions

Improve well-being and productivity with 24/7 virtual healthcare access, no copays or fees. Offer discounted or free prescriptions, plus savings on dental and vision services for employees and families.

Tailored Benefits Just For You

Providing healthcare is essential for attracting and retaining top talent. Investing in this area not only minimizes sick days but also enhances workforce productivity. Our strategy accomplishes both objectives while maintaining low costs. Create a healthier and more productive future for your organization.
